Career Cabs 2026

At the end of September, we welcomed around 40 students from six Northern Panhandle schools – Alliance, Hemingford, Crawford, Chadron, Hay Springs and Gordon-Rushville. PREMA conducted a tour of our facility while discussing various aspects of our electrical system and operations. During the shop tour, we highlighted our equipment fleet, explaining its purpose and how it supports our daily work. We also toured the yard, showcasing our line equipment inventory and emphasizing the importance of maintaining readily available resources to respond quickly to emergency situations caused by severe weather and other unforeseen events.

The visit concluded with a live demonstration in which two of our linemen framed, set, and climbed a three-phase utility pole. Both the students and their teachers were highly engaged and asked thoughtful questions about our industry throughout the tour.

PREMA greatly appreciates every opportunity to connect with the youth around the panhandle by sharing insight into our profession. We hope they enjoyed the experience as much as we enjoyed hosting them.

FOR YOUR LEADERSHIP, TEAMWORK, RESILIENCY AND
DEDICATION TO OUR SAFETY AND FREEDOM, WE
THANK ALL VETERANS FOR THEIR SERVICE.

How To Read Your New Bill

Follow the numbers below as a guide to reading your new billing format.

1. Amount due on account.
2. Your account number. Please refer to this number when calling in or making payments.
3. Billing Summary shows activity since last billing.
4. Message Center for important messages from PREMA.
5. Meter location and meter reading information.
6. By following the graph key, you can see monthly usage along with monthly high and low and temperature. You can compare your usage with the previous year.
7. Current detail of charges for electric use.
8. Account number and amount due. Return stub with your check or cash payment.
9. New ways to pay online and on our SmartHub app. We accept Master Card, Discover, and Visa.

On the reverse side of the bill, you will find Payment Options. You will see at the bottom of the page a place for updating personal information that appears wrong on the front of your bill. Please follow instructions for faster payment processing.

Please remember to visit us at www.prema.coop and sign up for SmartHub. SmartHub is a fast and convenient way to view usage history, report an outage, and manage your account.

Notes from Load Management

The Load Management program for PREMA had a successful 2026 season. Total savings for the year were \$662,414. We controlled a total of 30 days for the season, starting May 11th and ending September 5th. The alternate groups were controlled an average of 108 hours, and the everyday groups were controlled 146 hours out of the 3,672 hours from May 1st to September 30th.

PREMA IRRIGATORS:

If you are interested in participating in the 2027 Load Management Program, please call the office at 308-762-1311 and speak with Nick Paradeis. Also, if you are replacing a pivot that currently has a Load management switch installed, please notify us so we can arrange to have the switch installed on your new pivot.

**Serving Arthur, Box Butte, Cherry, Dawes, Garden, Grant, Hooker,
