Remember to Thank A Lineman on April 12th

Linemen serve on the frontlines of our nation’s energy needs, and on April 12, 2021, PREMA, along with other electric cooperatives across the country, will honor the brave men and women who work hard to keep the lights on.

Linemen work around the clock, sometimes in difficult and dangerous conditions, to keep power flowing to our local communities. Whether they’re restoring power after a major storm or maintaining critical infrastructure to our electric system, linemen are at the heart of PREMA.

When a storm hits, they set aside their personal priorities because Mother Nature doesn’t work around holidays, vacations and birthdays. A service-oriented mentality is one of the many admirable characteristics of an electric lineman.

PREMA is proud to honor the linemen that maintain 2,712 miles of power lines in our service territory.

PREMA invites all co-op members to take a moment and thank a lineman for the important work they do.

Notes From Load Management

The Load Management program is in place for the 2021 irrigation season. We will be out installing control switches on accounts that do not have the new switch. . If irrigators are at or around center pivots, please take time to inspect your equipment as well as the load control switch. Load Management participants will be receiving a letter outlining what groups each account will be assigned to. Please call the office at 762-1311 with any questions.

Our very own Chris Macy brings some other talents to the table, aside from being an asset to the Hyannis linemen crew. When I say table I mean exactly that and then some. Featured on this page are just a few of the many creations that have been handcrafted by Chris. Some very unique pieces that will last a lifetime.
